This training provides support to the professional who supervises mental health providers in a variety of settings. Clinical supervision assists professionals in the development of their skills, improving services for clients, and providing a system for the evaluation of others in the mental health field. The skills requisite in the clinical supervision of mental health professionals are separate and unique relative to the skills required to provide effective counseling/therapy services or required to serve as an administrative supervisor in mental health organizations.

This training will offer instruction in philosophy, methods, and techniques of supervision for mental health practitioners. Participants will have the opportunity for practical applications of the theories and techniques of clinical supervision as part of the training activities.

This workshop is designed to meet the requirements of the National Board of Certified Counselors for the designation as an Approved Clinical Supervisor for mental health professionals. It is, also, designed to meet the requirements of various State LPC Boards for the approved supervisor designation.

NOTE: ALL participants are required to hold a minimum of two supervision sessions with another professional between the second and third meetings. They are to videotape the second of these sessions. The videotapes will be viewed and critiqued during the third session or the training.

AREAS OF FOCUS WILL INCLUDE:

* Models of clinical supervision
* Methods of supervision
* Techniques of supervision
* Legal and Ethical Issues
* Problems in Supervision
* Multicultural issues
* Sex role issues
* Supervised Practice of Supervision (Video presentations)
* Review of all State Paperwork
* Websites for Supervision
* Risk Management

Those individuals attending and successfully completing this workshop will be granted 25 continuing education hours approved by NBCC.

THIS TRAINING IS APPROPRIATE FOR:

* Currently licensed professionals who wish to provide direct supervision to those individuals in training to become licensed or certified.

* Master’s level professionals who supervise other mental health professionals in the scope of their duties.

* Those wishing to obtain the Approved Clinical Supervisor designation from NBCC.

* Other mental health professionals who supervise mental health providers in the scope of their duties.

Space is limited (10 participants) for all sessions. PLEASE register Early!

(A minimum of three participants is needed for the class to be held)

Cancellations with a minimum of 72-hours’ notice will receive a refund less a $25.00 processing fee.
REGISTRATION (PLEASE PRINT or TYPE)

Training sessions are scheduled at facilities that comply with ADA guidelines Please indicate if you require special accommodation
